Why these victories were possible:

✓ Persistent advocacy for Years.
✓ Voices statewide demanded action.
✓ Lawmakers heard from local advocates throughout the year.
✓ Advocates delivered a consistent & strategic message.
✓ Housing champions have been elected to state level offices.

Questions?
Advocating during session is critical, but the interim offers special opportunities.
Interim: The intervening time between legislative sessions

Interim advocacy: Leveraging the opportunity that the interim provides to educate lawmakers in their own legislative district
Lawmakers have more time: Meetings are usually much longer than when based in Olympia during session.

In-district advocacy offers opportunity to educate on how the lack of affordable housing and homelessness impact the local community.
How to Set Up a Meeting with Your Lawmaker

✓ Call or email the lawmaker directly. If you email, put “Meeting request please” in the subject line.

✓ Their legislative assistant “LA” schedules their meetings. Expect to talk to them and be aware that LAs are powerful gatekeepers. Treat them like a person you also need to lobby.
Helpful Information to Know Before Meeting With a Lawmaker

✔ What’s the lawmaker’s position on homelessness and affordable housing issues?

✔ Does the lawmaker serve on any key policy committees? Do they hold a leadership position within their caucus?
Helpful Information to Know Before Meeting With a Lawmaker

✓ What’s the lawmaker’s voting record on the legislation you care about?

✓ What policy issues does the lawmaker have a history of supporting and opposing?
Helpful Information to Know Before Meeting With a Lawmaker

✔ Are they on social media? Facebook in particular is a very rich source of information on lawmakers.

✔ Look up their campaign page. All Representatives are up for election this year and half of the Senate is as well.

Answering Hard Questions

• Flip it!

• Never answer a question that you don’t know the answer to! *Instead, use it as an opportunity for follow up.* This is a hook to continue the conversation, and to continue developing the relationship!

• Never offer up another program to cut or eliminate.

• Expect a question or statement that says because homelessness is growing, the resources we are already investing are not working.
Answering Hard Questions about the increase in homelessness

Focus on:
• Homelessness is rising because every region has experienced sky-high rent increases.

• Rent increases cause homelessness.

Be prepared for:
• Statements or questions about personal responsibility.

• Allegations that homelessness is increasing solely because of the opioid crisis.
Answering Hard Questions about homelessness increasing

• A study in the *Journal of Urban Affairs* found that every $100 increase in rent is associated with a 6% increase in homelessness in metropolitan areas and a 32% increase in homelessness in non-metro areas, such as suburban communities.

• Rents are out of reach: A minimum wage worker in Washington State has to work 75 hours a week in order to afford a modest 1 bedroom apartment.
Answering Hard Questions about homelessness increasing

• There is not enough affordable housing.

• For every 100 households at or below 30%, there are only 29 affordable and available rental units statewide. Overall, our state has a deficit of 165,764 affordable and available units at or below 30% AMI.
State investments are working. We just aren’t keeping up with the need.
Rents are growing faster than incomes.

Median rent +22%
Lowest quartile rent +17%
Middle incomes +7%
Low incomes (bottom 20% of households) +3%

Any questions?
What to ask your lawmaker for!

• At least $200 million for the State Housing Trust Fund

• Funded from the State Capital Budget

• Next year is the start of a new biennium, so there is a whole new budget that will be written and voted on.

• Is the lawmaker on House Capital Budget or Senate Ways and Means? If so, they are particularly important decision makers!
**Legislative Ask:** Pass a Capital Budget with at least $200 million for affordable housing, and increase biennial funding with a supplemental Capital Budget.

The Housing Trust Fund is critical in solving our community’s affordable housing struggles. It builds safe, healthy, and affordable homes for seniors, veterans, youth, people with disabilities and mental illness, families, and other struggling households.

The Housing Trust Fund is the most important investment that Washington makes to ensure that everyone has the opportunity to live in a safe, healthy, affordable home.
The overwhelming bulk of Housing Trust Fund dollars support homes for those with the lowest incomes, with over 70% for extremely low income households.
